

CENTURION BOATS

2026 Fe SERIES

2026 Fe Series

We've Spent Five Decades Listening to Our Customers, Refining Our Craft, and Raising the Bar on What a Wake Surf Boat Can Be.

That's how our Fe Series, just introduced in 2024, has quickly become a foundational pillar of performance in our lineup. It's like we know what we're doing. For 2026, we have upgraded engines, towers, ballast systems, intuitive navigation and refined interiors for our Fe22, Fe23 and Fe25. We leveled all our experience to build the Fe series from the water up, and poured our focus into performance with world-class waves, wakes and ride for a premium experience that won't overwhelm your budget.

Evolution of the Wake Boat

RAMFILL², Centurion's Rapid-Fill Ballast System, Gets Water into Your Sub-Lounge Ballast in Seconds, Making It a Favorite Upgrade for Fe Series Models. Optional for 2026 Is the Centurion Surge Thruster System (STS) by EZ-Drive, Giving You Fingertip Precision Navigation With 87% More Thrust Than Competing Systems.

The DropZone Auto Tower (DZAT) by Roswell comes standard on every Centurion but feels like a premium upgrade. Celebrating 50 years of innovation, each 2026 model proudly displays a 50th Anniversary Billet badge. Optional RGBw lighting sets the mood in the lounge, while the optional Silent Stinger Wake Plate helps the boat get to plane quickly and keeps the bow low for continuous visibility. Add optional 12 Warriors Duo speakers by Wet Sounds to keep the vibe alive. And with the all-new Fast Mover Ballast System featuring 13.5-gallon SeaFlo pumps, filling your ballast has never been faster—standard on every 2026 Centurion.

Choose Your Model Customize Your Experience

It Takes Fearless Innovation, Focused Dedication and a Sharp Ear for Customer Feedback to Evolve a Boat Line into a Cornerstone of Performance.

For 2026, we've taken the Fe22, Fe23 and Fe25 to new heights, elevating each with upgraded engines, towers, ballast systems, intuitive navigation and refined interiors. These models remain unapologetically performance-focused—engineered from the water up for world-class waves, wakes and ride. We've blended Centurian-specific innovations with strategic design choices to meet the demands of serious wake surfers and weekend warriors alike. The Fe Series continues to deliver everything you need to progress your skills, entertain your crew and enjoy a premium experience—without overwhelming your budget.

Fe22

Total Available Ballast
5150 lbs

Available RAMFILL
2600 lbs

Standard Torque
400 ft/lb

Seating Capacity
13 people

Fuel Capacity
70 gallons

Built to Please Tuned to Perform

The 2026 Fe23 blends size, power and purpose for riders chasing podiums or perfecting their carve. Its Opti-V Hull, ZZ5 5.3L engine and up to 5,250 pounds of ballast—plus the new Fast Mover Ballast System—deliver pro-level performance fast. Add RAMFILL² and the Silent Stinger for ultimate control. With room for 14 and upgraded interiors, the Fe23 elevates every session.

Fe25

Total Available Ballast
5600 lbs

Available RAMFILL
2800 lbs

Standard Torque
400 ft/lb

Seating Capacity
16 people

Fuel Capacity
92 gallons

Built to Perform Designed for a Crowd

The 2026 Fe25 brings big-water performance and big-group fun together in one 25-foot powerhouse. Seating up to 16 with exceptional storage, it delivers the same responsive ride as its smaller siblings with room for everyone and everything. Customize with Roswell or SewLong biminis, a SewLong Surfing Sunshade, and a 45-quart Grizzly cooler. The Fe25 is built for families, crews, and weekend warriors chasing all-day fun.
