2026 Nv SERIES

2026 Nv Series

## Big Waves. Smart Price. Fifty Years of Boatbuilding Taught Us What Really Matters—and the Nv Series Delivers It.

Built on our proven Opti-V Hull, the nimble Nv213, versatile Nv233, and spacious Nv243 bring championship level surf in approachable, surf ready packages. For 2026, upgrades include the Fast Mover Ballast System with high flow SeaFlo pumps and a Lenco Smart Ram equipped Stinger Wake Plate—meaning faster fill times, cleaner waves, and more time riding. Premium performance, perfectly sized, without stretching your budget.

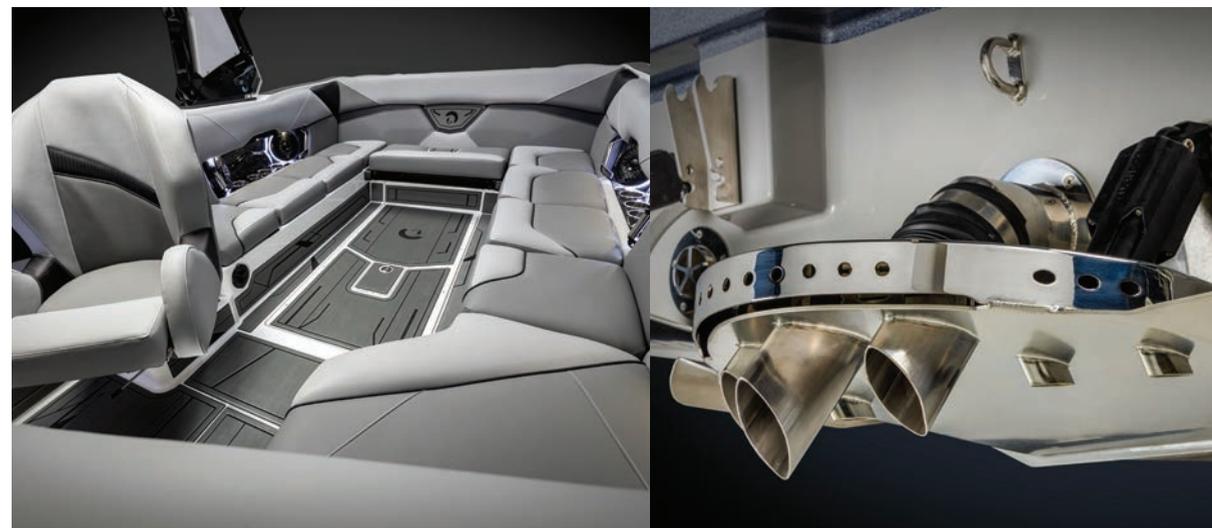

#### Evolution of the Wake Boat

Centurion's RAMFILL<sup>2</sup> Is an Optional Upgrade That Gets You Water-Ready in Record Time, Filling Sub-Floor Tanks With up to 2,900 Pounds of Ballast in Just 90 Seconds at 14.9 mph—Your Wake Might Be Ready Before You Are. A High-Definition Rear-Facing Camera Keeps Everything in View.

The DropZone Auto Tower (DZAT) folds down in 10 seconds and rises in 14 with its dual Linak electric actuators and floating mounts. Built-in side tow points make learning new tricks easier—just one of the standard features that feels like an upgrade. A 50th Anniversary Billet badge marks the milestone. RGBw lighting adds visibility for pre-down launches and late returns. The optional Silent Stinger Wake Plate reduces bow rise for faster planing, while the 12 Warriors Duo Sound System delivers premium audio for the ride. Even the Nv Series now includes the Fast Mover Ballast System, filling your ballast in a flash.
